

SeeHear screening now running clinics in the TCDSB

We are happy to announce that SeeHear will be running a hearing and vision screening clinic at St. Gregory Catholic School on Tuesday, June 11 and Wednesday, June 12.

This is an excellent opportunity for your child to have his/her hearing and vision screened in a convenient and cost effective manner.

Some points to remember

- Your child's hearing and vision should be screened **every year**.
- Growing children are very susceptible to middle ear problems and one of the best ways to prevent hearing loss is early detection of middle ear function issues.
- A visit to an audiologist in a private clinic costs upwards of \$50.00 and is not covered by O.H.I.P. If your child is referred to a hospital clinic by your family doctor, the cost is covered by O.H.I.P.
- Your child's hearing is not being monitored unless they are seeing an audiologist or an E.N.T.

The permission forms will come home approximately two weeks before the clinic. Please fill them out and return to the school with the \$15.00 screening fee prior to the clinic date.

This screening is not intended to replace a regular visit to an audiologist or optometrist

Good grades start with good hearing and good vision!
